Accepted 16 December 2012

Supplementary Figure 1. Mean Raman spectra in the 3500-300 cm^{-1} region from blood plasma from healthy controls (—) and patients with moderate Alzheimer's disease (- - -).

Supplementary Figure 2. Mean infrared spectra in the 4000-500 cm^{-1} region from blood plasma from healthy controls (—) and patients with moderate Alzheimer's disease (- - -).
